## ONE-PIECE CUSTOM ABUTMENT

- + Screw included
- + Cementable

| Material                                       | List Price (£) |
|--|----------------|
| Titanium / CrCo                                | 90.00          |
| Zirconia with external connection <sup>1</sup> | 110.00         |
| Anodising of titanium abutment – Gold Hue      | 10.00          |
| Extra Screw                                    | 15.00          |
| Scanning and modeling                          | 30.00          |

Implant systems compatible with Zfx: Anthogyr, Astratech, Biotech Dental, Biomet 3i, Camlog, Dentsply (Astratech), Dentsply-Friadent, Global Dental, MIS, Nobel Biocare, Straumann, ZimVie Dental

Call Zephyx if your desired system is not listed on our website [www.zephyx.dental](http://www.zephyx.dental)

<sup>1</sup> Consult the components catalog for all direct warranties.

## ONE-PIECE SCREW-RETAINED

- + Screw included
- + Crown – fully anatomical or anatomically reduced for layering

| Material              | List Price (£) |
|-----------------------|----------------|
| Titanium / CrCo       | 110.00         |
| Zirconia <sup>2</sup> | 115.00         |
| Extra Screw           | 15.00          |
| Scanning and modeling | 30.00          |

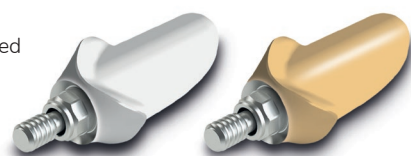

Implant systems compatible with Zfx: Anthogyr, Astratech, Biotech Dental, Biomet 3i, Camlog, Dentsply (Astratech), Dentsply-Friadent, Global Dental, MIS, Nobel Biocare, Straumann, ZimVie Dental

Call Zephyx if your desired system is not listed on our website [www.zephyx.dental](http://www.zephyx.dental)

<sup>2</sup> Consult the components catalog for all direct warranties.

## CEMENTABLE CUSTOM ABUTMENT ON TITANIUM BASE

- + Titanium Base not included

| Material                 | List Price (£) |
|--------------------------|----------------|
| Titanium/ CrCo           | 40.00          |
| Zirconia                 | 40.00          |
| PEEK                     | 45.00          |
| Glass Ceramic            | 58.00          |
| GenTek™ Titanium Base    | 60.00          |
| Zfx Titanium Base        | 39.00          |
| Cementation <sup>3</sup> | 25.00          |
| Scanning and modeling    | 30.00          |

Implant systems compatible with Zfx: Anthogyr, Astratech, Biotech Dental, Biomet 3i, Camlog, Dentsply (Astratech), Dentsply-Friadent, Global Dental, MIS, Nobel Biocare, Straumann, ZimVie Dental

Call Zephyx if your desired system is not listed on our website [www.zephyx.dental](http://www.zephyx.dental)

<sup>3</sup> On request

## SCREW-RETAINED RESTORATION ON TITANIUM BASE

- + Titanium Base not included
- + Crown – fully anatomical or anatomically reduced for layering

| Material                 | List Price (£) |
|--------------------------|----------------|
| Titanium / CoCr          | 40.00          |
| Zirconia                 | 40.00          |
| Zirconia Translucent     | 45.00          |
| Glass Ceramic            | 58.00          |
| Multilayer PMMA          | 27.00          |
| GenTek Titanium Base     | 60.00          |
| Zfx Titanium Base        | 39.00          |
| Cementation <sup>3</sup> | 25.00          |
| Scanning and modeling    | 30.00          |

Implant systems compatible with Zfx: Anthogyr, Astratech, Biotech Dental, Biomet 3i, Camlog, Dentsply (Astratech), Dentsply-Friadent, Global Dental, MIS, Nobel Biocare, Straumann, ZimVie Dental

Call Zephyx if your desired system is not listed on our website [www.zephyx.dental](http://www.zephyx.dental)

<sup>3</sup> On request

**Machining of pre-milled GenTek abutment blanks with the screw included**  
 (Tapered Screw-Vent® / Tapered Abutment, Certain®, External Hex, Low Profile, Eztetic®)

129.00

**ONE-PIECE CUSTOM ABUTMENT  
 ORIGINAL MANUFACTURER (OEM) ABUTMENT**

+ Screw included

| Manufacturer          | Material | List Price (£) |
|-----------------------|----------|----------------|
| Straumann             | Titanium | 139.00         |
| Camlog                | Titanium | 139.00         |
| ZimVie                | Titanium | 129.00         |
| Bredent               | Titanium | 139.00         |
| Bredent               | BioHPP   | 150.00         |
| Scanning and modeling |          | 30.00          |

**ABUTMENT FITTING JIG  
 MODEL VERIFICATION JIG**

|   | List Price (£) |
|---|----------------|
| <b>NEW!</b> Printed Abutment Fitting Jig (up to 6 units)        | 40.00          |
| Scanning and modeling   | 20.00          |
| <b>NEW!</b> Printed Abutment Fitting Jig (over 6 units)         | 60.00          |
| Scanning and modeling   | 40.00          |
| <b>NEW!</b> Milled model verification Jig (Exclusive of screws) | 120.00         |
| Scanning and modeling   | 40.00          |

# MILLING SERVICES PRICE LIST

## ZEPHYX SCREW-RETAINED BRIDGES

- + Titanium bases and screws included
- + Not included: All additional retention components (i.e. thread for locators, attachment, bar clips)
- + From 4 to 8 implants independent of how many units

| Material                                | List Price (£) |
|---|----------------|
| Titanium / CrCo                         | 580.00         |
| Zirconia                                | 600.00         |
| PEEK , Fiber Resin, Graphenano          | 600.00         |
| PMMA Multicolor transitional prosthesis | 490.00         |
| Printed Prototype                       | 120.00         |
| Scanning and Modeling from waxup        | 140.00         |
| Scanning and Modeling – Complete        | 180.00         |
| Annodising of titanium bar – Gold Hue   | 50.00          |

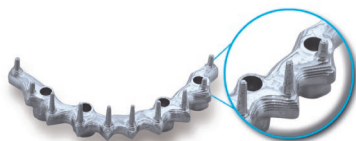

## ZEPHYX BAR – MILLED BAR

- + Titanium bases and screws included
- + Not included: All additional retention components (i.e. thread for locators, attachments, bar clips)
- + From 4 to 8 implants independent of the number of elements
- + Supplement of £70 /implant from the 9<sup>th</sup>

| Material                              | List Price (£) |
|---------------------------------------|----------------|
| Titanium / CrCo                       | 580.00         |
| Zirconia                              | 600.00         |
| PEEK                                  | 600.00         |
| Connection for retention              | 20.00          |
| Thread for attachment                 | 20.00          |
| Scanning and Modeling from waxup      | 140.00         |
| Scanning and Modeling – Complete      | 180.00         |
| Modeling of Retention component       | 20.00          |
| Annodising of titanium bar – Gold Hue | 50.00          |

## ZEPHYX WRAP-AROUND BAR

- + Screws included
- + Machined mechanical retention included
- + From 4 to 8 implants independent of the number of units
- + Supplement of £70 / implant from the 9<sup>th</sup>

| Material                              | List Price (£) |
|---------------------------------------|----------------|
| Titanium / CrCo                       | 580.00         |
| Scanning and Modeling from waxup      | 140.00         |
| Scanning and Modeling – Complete      | 180.00         |
| Annodising of titanium bar – Gold Hue | 50.00          |

## TERTIARY STRUCTURE

- + Overdenture, milled

| Material  | List Price (£) |
|---|----------------|
| Titanium / CoCr                                       | 290.00         |
| PEEK  | 390.00         |
| Scanning and Modeling of tertiary sleeve <sup>4</sup> | 100.00         |
| Annodising of titanium bar – Gold Hue                 | 50.00          |

<sup>4</sup> Fit is guaranteed when primary and secondary has been designed by Zephyx Specialists

## ZEPHYX INDIVIDUAL PREPARATION BAR

- + Titanium base and screws included
- + Not included: All additional components and retentions (i.e. drilling with no screw for attachment, slide ...)
- + From 4 to 8 implants independent of the number of elements
- + Supplement of £70 /implant from the 9<sup>th</sup>

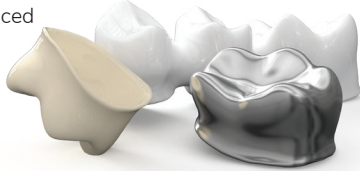

| Material                              | List Price (£) |
|---------------------------------------|----------------|
| Titanium / CoCr                       | 620.00         |
| Zirconia                              | 650.00         |
| PEEK                                  | 650.00         |
| Scanning and Modeling from waxup      | 180.00         |
| Scanning and Modeling – Complete      | 220.00         |
| Annodising of titanium bar – Gold Hue | 50.00          |

### CROWN AND PONTIC

- + Inlay, onlay and veneer
- + Complete morphology

| Material              | List Price (£) |
|-----------------------|----------------|
| Zirconia              | 25.00          |
| Zirconia Translucent  | 27.00          |
| Glass Ceramic         | 50.00          |
| Titanium / CrCo       | 24.00          |
| PMMA / Wax            | 15.00          |
| Wax – Printed         | 5.00           |
| Scanning and modeling | 15.00          |

### PRIMARY TELESCOPE

- + Pre-polished

| Material              | List Price (£) |
|-----------------------|----------------|
| Zirconia              | 35.00          |
| Titanium / CrCo       | 30.00          |
| Scanning and modeling | 20.00          |

## METAL-LASER SINTERING

**COMING  
SOON**

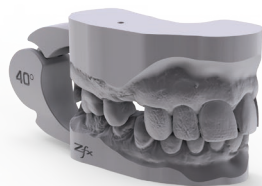

| Indications  | Material | List Price (£) |
|--|----------|----------------|
| SLM Tertiary structure – Overdenture                   | CoCr     | 130.00         |
| SLM Removable Partial Denture Frame                    | CoCr     | 120.00         |
| Anatomically reduced coping / pontic                   | CoCr     | 12.00          |
| Anatomic Crown / Pontic                                | CoCr     | 14.00          |
| Scanning and modeling – Anatomically reduced           |          | 15.00          |
| Scanning and modeling – Complete Morphology            |          | 15.00          |
| Scan & CAD modelling of a Tertiary Structure (per jaw) |          | 100.00         |
| Scan & CAD modelling of a RPD (per jaw)                |          | 100.00         |

All our frames are delivered trimmed, blasted and polished.

# 3D-PRINTING MODELS

## HALF-ARCH

+ Removable Gingiva section included

| Model types                       | List Price (£) |
|-----------------------------------|----------------|
| Model                             | 10.00          |
| Removable preparation             | 4.50           |
| xSNAP – Articulated movable Joint | 3.50           |
| Model Design                      | 5.00           |

per jaw, incl. preparation, analog, gingiva design and xSNAP articulator positioning

## FULL-ARCH

+ Removable Gingiva section included

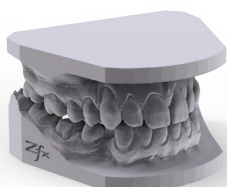

| Model types                       | List Price (£) |
|-----------------------------------|----------------|
| Model                             | 15.00          |
| Removable preparation             | 4.50           |
| xSNAP – Articulated movable Joint | 5.00           |
| Model Design                      | 10.00          |

per jaw, incl. preparation, analog, gingiva design and xSNAP articulator positioning

## MODEL WITH BASEPLATE

+ Removable Gingiva section included

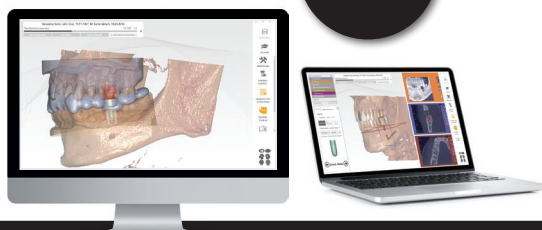

| Model types                       | List Price (£) |
|-----------------------------------|----------------|
| Model                             | 25.00          |
| Removable preparation             | 4.50           |
| xSNAP – Articulated movable Joint | 5.00           |
| Model Design                      | 10.00          |

per jaw, incl. preparation, analog, gingiva design and xSNAP articulator positioning

|   |        |
|---|--------|
| <b>NEW!</b> Milled model verification Jig | 120.00 |
| Scanning and modeling                     | 40.00  |

| Model components                                  | List Price (£) |
